

Concerns expressed by individual members of the Hispanic Caucus about ABC life

- 1.- The unbiblical process to dismiss personnel at BIM that violates the ABC commitment to fair processes.
- 2.- The untouchable leaders in BIM that are not accountable to anyone in ABCUSA.
- 3.- The failure at the highest level of leadership to block the movement that ousted an executive director from his position without due process.
- 4.- The unethical and unholy lifestyle of leaders that is well known in ABCUSA.
- 5.- The valorization of Hispanic churches based on money given and not on Christian values.
- 6.- The totally bad administration of funds in BIM causing over spending and deficit.
- 7.- The bureaucracy and plutocracy in BIM even over all other boards.
- 8.- The worldly admission of liberals supporting gays and lesbians in high positions in ABCUSA.
